## Rioting in Hong Kong

By FORREST EDWARDS

HONG KONG (AP) — Com-  
munist-led Chinese rioters at-  
tacked police, set two police  
vans afire, wrecked shops and  
stalls and smashed their way  
into a resettlement housing  
project today as anti-British  
violence mounted on the out-  
skirts of Hong Kong's mainland  
Kowloon section.  
A leading Communist newspa-  
per in Hong Kong demanded  
that the British governor meet  
conditions similar to those im-  
posed on the neighboring Portu-  
guese colony of Macao in Janu-  
ary.  
In Macao, 600 screaming  
Chinese students surrounded  
and harangued British Consul  
Norman Ions after several  
hundred demonstrators invaded  
the consulate grounds, slashed  
the tires of the consul's car, and  
painted a seven-foot turtle on  
the consulate door. The turtle is  
a Chinese insult, meaning stupid  
or stooge.  
Eyewitnesses said Ions was  
"completely calm and collect-  
ed" as the students shouted  
anti-British slogans, sang Com-  
munist songs, and shouted quo-  
tations from Mao tse-tung.

# Negro Killed in Rioting at Jackson

By JAMES BONNEY  
JACKSON, Miss. (AP) — Na-  
tional Guardsmen, state patrol-  
men and city police stood watch  
today over a battered half-mile  
section of Lynch Street after  
dispersing a Negro riot at Jack-  
son State College with shotgun  
fire that killed a Negro truck  
driver.

Brown fell to the street with  
head and back wounds, between  
the retreating mob and police  
lines, Negro bystanders yelled,  
"He needs help!"

"You get back," police  
shouted. "He's got the help he  
needs." A group of Negroes car-  
ried Brown behind the police  
barricade to await an ambu-  
lance. A National Guard doctor  
administered first aid and  
T Brown was sent to University  
Hospital. He died at 4:42 a.m.

LITTLE ROCK (AP) — The  
Little Rock and Pine Bluff  
school districts have been  
chosen to compete for grants  
to be issued under a federal

with 98 other districts across

stad said.  
He said the project would tie  
in with Head Start and other  
programs for the education of  
disadvantaged children. It will  
be funded through the OEO and  
the U. S. Department of Edu-  
cation.

# GIs Kill Member of Their Patrol

SEOUL, South Korea (AP) —  
Two U.S. soldiers shot and  
killed a South Korean member  
of their patrol along the demili-  
tarized zone Wednesday, mis-  
taking him for a North Korean  
intruder, the U.N. Command  
announced.

A U.N. spokesman said the  
South Korean, Pfc. Chung Ik-  
soon, was assigned to the U.S.  
2nd Infantry Division guarding  
the western sector of the zone  
north of Seoul.

Chung apparently got out of  
position and moved ahead of the  
patrol, the spokesman said.

# House Going Along on Draft Bill

WASHINGTON (AP) — The  
House is expected generally to  
go along with a Senate-passed  
draft extension bill which would  
give President Johnson maneu-  
vering room for most of the Se-  
lective Service reforms he pro-  
posed.

House leaders predict final  
action on the bill comfortably  
ahead of the June 30 expiration  
date for major portions of the  
present draft law.

The Senate measure passed 70  
to 2 Thursday gives the Presi-  
dent authority to call men 19  
and 20 years old for military  
service before drafting older  
men in the 18-26 age bracket.

The bill also:  
Recommends continuation of  
deferments for college students  
until they earn degrees, reach  
the age of 24 or fail to main-  
tain scholastic standing. Ap-  
prentices in industry could get  
similar deferments.

Authorizes establishment of  
a lottery system as a possible  
additional means of deciding  
who will serve. Currently the 4-  
100 local draft boards make that  
decision, but critics of the  
present plan contend there is a  
lack of uniformity in draft de-  
cisions.

The Senate Armed Services  
Committee questioned whether  
random selection would reduce  
inequities and it urged retention  
of the authority of local boards  
to register, to classify and to  
pass upon hardship cases.

Johnson recommended a lot-  
tery and consolidation of the  
local draft boards into between  
300 and 500 regional boards. He  
did not issue a recommendation  
on undergraduate deferments.

Johnson suggested that draft-  
age men not be deferred by en-  
listment in the National Guard  
or Reserves except those au-  
thorized to fill a specific vacan-  
cy.

The Senate bill, however,  
would permit inductees to enlist  
in the Reserves or National  
Guard until the day they are to  
be inducted. Presently they can-  
not enlist after receiving notifi-  
cation of pending induction.

The bill rejects an adminis-  
tration proposal that men be  
inducted for the Reserves and  
Guard.  
The bill would extend the  
draft authorization for four  
years.  
A proposal by Sen. Mark O.  
Hatfield, R-Ore., to extend the  
law for only two years was re-  
jected as was Hatfield's plan to  
put Congress on record as fa-  
voring an all-volunteer military  
force.

Other proposed amendments  
which lost overwhelmingly

# Domingo Move Reported Crushed

Joaquin Balaguer says a sub-

# Dispute on Ship Bumping at Standoff

By FRED S. HOFFMAN  
WASHINGTON (AP) — The  
dispute over two collisions of  
U.S. and Soviet warships in the  
Sea of Japan was a standoff  
today. Each side accused the  
other of causing the bumps.

It appeared to add up to an-  
other round in the cold war  
game of "chicken."

The United States charged the  
Soviet navy with harassing U.S.  
Navy vessels on the high seas.  
The Soviets charged the Ameri-  
can Navy with provocations.

The United States claimed the  
U.S. destroyer Walker warned  
away the two Soviet destroyers  
that jostled her — one on  
Wednesday and the other Thurs-  
day — but that the warnings  
were spurned.

The Soviets claimed the skip-  
pers of their destroyers "drew  
the attention of the Americans  
to the impermissibility of get-  
ting dangerously close," but  
that the U.S. ships ignored this.  
American announcements have  
given no hint of any Soviet  
warnings.

The United States demanded  
that the Soviet Union take  
prompt steps to end the harass-  
ments.

The Soviets countered with a  
warning about "the kind of re-  
sults" that could result from  
alleged provocations.

The State Department took its  
stand in public statements and  
formal protests to the Soviet  
Embassy.

Moscow spoke  
through its state-run radio.

An aide said President John-  
son considered the collisions a  
matter of concern.

U.S. defense officials said  
they see no link between the  
clashes in the Japan Sea and  
the war in Vietnam. There has  
been speculation the Soviet de-  
stroyers made passes at the  
Walker because of cooling rela-  
tions between the two powers  
over Vietnam.

American diplomats hoped  
the Soviets would order their  
warship skippers to keep a safe  
distance from American craft  
and end the incidents.

## Television and Radio

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Panels of professionals of the television business are now looking over and judging 160 nominations in 33 categories. Winners will be given golden "Emmy" statuettes of the National Academy of Television Arts and Sciences in the annual two-hour ABC program on June 4.

If the Emmys were awarded on the basis of this constant viewer's judgement, several of the categories could be skipped entirely. In others, there would be more than one recipient.

Programs qualifying are those broadcast between March, 1966 and last April 16. Thus, my votes would go to both "Death of a Salesman" and "The Final War of Olly Winter" — both on CBS — and far and away the outstanding shows of the period. CBS's recent Dick Van Dyke special is my choice of the best one-shot variety show of the season. The syndicated "China: The Roots of Madness" seemed tops in the news and documentary field.

The situation is more difficult when it comes to picking individual performances and it often seems a matter of personal choice. This viewer would cast a vote for NBC's "Dean Martin Show" in the variety series category; for NBC's "I Spy" in the dramatic series, and for CBS's "Hogan's Heroes" in comedy.

Lee J. Cobb of "Death of a Salesman" and Ivan Dixon of "The Final War of Olly Winters" left indelible impressions. So did Mildred Dunnock in "Death of a Salesman" and Geraldine Page in ABC's "Christmas Memory."

David Janssen has given a sustained and convincing performance through all the seasons of ABC's "The Fugitive." Lucille Ball still is the top comedienne of the television world, and Brian Keith of CBS's "Family Affair" handles himself with dignity and sentiment in a comedy role that could easily be over played.

In the one category for daytime programs, my ballot would go to the syndicated "Mike Douglas Show" as a consistently agreeable and amusing daily variety show, and to Tom Kennedy of NBC's "You Don't Say" as a witty, bright host on a game show.

Betty White will replace Betty Furness on May 15 on CBS radio's daily "Dimension" program answering listener's questions. Miss Furness resigned after appointment as President Johnson's \$26,000-a-year special assistant for consumer affairs.

## Fordham U. Sets Up Sex Discussions

NEW YORK (AP) — Fordham University, one of the nation's largest Roman Catholic schools, will begin a series of coeducational sex discussions next fall dealing "frankly and directly" with premarital intercourse, conception and the methods of contraception.

"We know we are establishing a precedent," Martin J. Meade, dean of students, said today. "But our primary concern is the students. It's apparent that many undergraduates are confused about relationships between men and women."

Contraceptives, Meade said, would be discussed without touching on their morality. This approach, he contended, would not constitute a break with Roman Catholic opposition to the use of artificial birth control devices.

The decision to offer the series of lectures and discussions came after 150 women at the university's Thomas More College presented a petition asking for birth control information. Fordham previously had given courses in courtship and marriage.

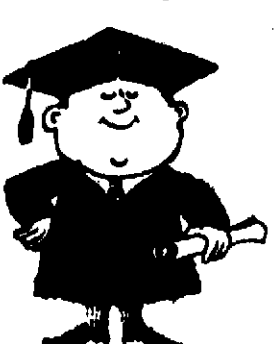

"The petition was the impetus," Meade said, "but the idea had been under discussion for a while."

The program will be open to Fordham's 12,000 students, including 870 women, its faculty and administration. A physician to counsel on individual problems will augment the seminars.

"Our feeling is that if any of our students are trying to reach a personal decision regarding premarital intercourse they should do so with a full understanding of all the facts and implications. We will approach the subject frankly and directly."

Meade, who is 35 and the father of five children, said the program would offer "a detailed presentation of the various means which are used to prevent conception and also a discussion of the efforts of various fertility clinics to enable women to conceive who have been unable to."

## Beard Is Leader at New Orleans

By BEN THOMAS  
Associated Press Sports Writer  
NEW ORLEANS, La. (AP) — What's wrong with Jack Nicklaus' golf game?

"I'm taking too many strokes," said the Golden Bear with a chuckle after completing the first round of the \$100,000 Greater New Orleans Open Golf Tournament Thursday with a two-under-par 70.

Nicklaus was two shots behind bespectacled Frank Beard, who has beaten Arnold Palmer twice this year, and Gardner Dickinson. Beard nipped Palmer by a stroke in the Tournament of Champions a month ago and again last week at the Houston's Champions International. Palmer isn't competing here.

The 27-year old Nicklaus is off to his slowest start since he began prospecting for gold on the fairways in 1962. He has won only \$14,800 this year—hardly enough to keep his big private jet in gasoline.

"I was pretty pleased with 70 since I couldn't get here until late yesterday and only played nine holes," said Nicklaus in a locker-room interview. "The back nine I didn't get to play and I still shot 35 on it."

"A 70 is a pretty good round opening up. I'm not too unhappy with it," he said and added: "It's better than I've been playing."

Nicklaus went on to say that he thought putting was dictated by iron play.

"If you are not hitting the ball sharp—well, it is a matter of confidence. You lose a little bit of confidence, and it takes you a while to get it back."

"The wind was very bad," said Beard about Thursday's play over the 7,020-yard Lakewood Country Club course, which played much shorter because the hard fairways gave the ball a lot of roll.

"Those fairways are so hard, my feet hurt from walking," said the 130-pound Dickinson.

Beard won this tourney a year ago, and Dickinson finished second—two strokes behind.

Just a stroke behind the co-leaders Thursday were four regulars Tommy Aaron and Johnny Pott, Earl Stewart, a Dallas club pro, and Allan Henning of South Africa.

Doug Ford, former Masters and PGA champ who got his hopes up with a 66 in the pro-am, mushroomed to a 76 Thursday and needed to scramble today to make the cut.

Billy Casper, last year's National Open champ, was in the group at 73 but seemed a sure bet to win the special \$10,000 All-America gold cup which goes to the golfer with the lowest combined score in the Masters, PGA, National Open and Greater New Orleans Open tournaments.

## 47 Women Pros in the Dallas Open

By HAROLD V. RATLIFF  
DALLAS, Tex. (AP) — Two veterans of the women's tour — Jo Ann Prentice and Shirley Englehorn — led the field, reduced by illness to 47 pros and five amateurs, in the \$16,000 Dallas Civitan Open Golf Tournament today.

And they fought something new for this tournament that in the past has found rain the bugaboo — searing heat.

But heat didn't affect the slightest of them all — 10-year-old Beverly Klass, youngest person ever to turn pro and youngest ever to play in a woman's open golf tournament.

The little girl (95 pounds but strong) shot an 88 in the first 18-hole round she ever played in an open tournament. It was last in the field but it was considered quite marvelous for one so young and inexperienced in the art of handling a golf ball.

"I played pretty good," she said, "but I hit a couple of bad shots — well, maybe more than that."

But she showed she wasn't tired or worried about the sapping heat — she went swimming for two hours.

Beverly goes out first today in the second round of the tournament that finds Misses Prentice and Englehorn, who fired four-under-par 67s Thursday, leading by two strokes.

It was 100 degrees with little wind and the heat took its toll in that punishing first round. Jan Ferraris had to withdraw after 12 holes from heat exhaustion and Gail Davis took out after finishing her round, explaining that the heat had exhausted her.

Miss Davis shot an 84, Miss Ferraris was six over par when she had to quit.

The 6,177-yard Glen Lakes Country Club course had been shortened by about 150 yards for the first round and the result was that 19 players either equaled or bettered par.

The course will be back to its normal length today and the scoring may not be as pronounced.

Tied at 69 — two strokes back of the leaders — are Mickey Wright, three-time winner of the tournament; Linda Galloway, a comparative newcomer from Parma, Mich.; Peggy Wilson and Kathy Whitworth.

At 70 was Betty Dodd, who is making a comeback to the tour after an absence of eight years.

Defending champion Clifford Ann Creed had to be content with a 72 and the year's leading money-winner, Sandra Haynie, would up with a 73.

Among those equalling par 71 was Carol Mann, who is suffering from a pinched disc that put her in the hospital at Midland, Tex. — the day she went out and won the Tall City Open.

standards.

The entry list this year—more than 2,200—is the largest in the history of the relays.

For quality, Warmerdam lined up sprinter Tommie Smith, pole vaulter Bob Seagren, long-jumper Ralph Boston, discus star Jay Silvester and triple jumper Art Walker—all world or American record holders.

## Chance Real Happy to Be With Twins

By MIKE RECHT  
Associated Press Sports Writer  
Pitching for Minnesota has made Ohio farmboy Dean Chance happier than a farmer with a pen full of hogs and the market price doubled.

The hard-firing right-hander, who had fallen on sad times since winning the Cy Young Award with the California Angels, is rounding up the scattered Twins and fattening them up as a pennant threat.

"With this team, I don't think I'm going to lose another game," Chance said in an expansive mood Thursday night after blanking Kansas City 8-0 on a one-hitter.

"It's fun when you win; it's fun to play the game," he said, responding to his 5-1 record which makes him the winningest pitcher in the American League. "It means something to play for a pennant contender because you know you're playing for something."

Chance, who operates two farms with a total of about 285 acres near Wooster, Ohio, also owns almost half of Minnesota's 11 victories and has kept the sluggish Twins tied for sixth, only 4½ games from the lead.

Steven Hargan and Bob Bruce also had reason to be jubilant. Hargan hurled a five-hitter in Cleveland's 2-1 victory over Washington in the only other American League game, and Bruce allowed only three hits in pitching Atlanta past Pittsburgh 9-2 in the only National League contest.

Chicago was rained out at Baltimore in the AL and Cincinnati got the same weather treatment at New York in the NL.

Chance, who fell to 15-10 in 1965 and then 12-17 last year after his 20 victories in 1964 earned him the Cy Young Award as baseball's best pitcher, is still rejoicing over the trade that brought him to the Twins.

"It's one of the biggest breaks I've had," he says of the deal in which the Twins gave up Don Mincher and Jimmie Hall to get him. Now he talks about being named comeback player of the year, winning 20 again and adding another Cy Young award.

"It's the difference between night and day with the runs this club gets me," said the 25-year-old hurler, who still is remembered for his escapades with Bo Belinsky as a member of the light-hitting Angels.

But the way Chance was throwing Thursday night, he only needed rookie Rich Reese's first major league homer with none on, Reese drove in two more runs and rookie Ron Clark socked in three more, but Chance made sure.

The only hit off him was Danny Cater's clean single in the fourth inning. He struck out eight and only six walks got him in trouble as he repaid the Twins for the one-hitter he threw against them in 1962.

Hargan, 3-3, did not have it so easy as he outdueled Camillo Pascual, 2-1. Hargan led 2-0 on two wild pitches that scored Fred Whitfield who doubled, and Chuck Hinton's run-scoring double.

But the Senators scored in the ninth inning when Hinton dropped a long fly for a three-base error after Frank Howard singled. However, Hargan struck out Paul Casanova to end the game.

Bruce breezed as the Braves jumped to a 4-0 lead against Tommie Sisk and added four unearned runs in the seventh, two on Felipe Alou's triple.

Sisk, who took the defeat, lasted on 3 1-3 innings. Gene Alvey doubled home both Pittsburgh runs when Bruce faltered in the fourth inning before winning his second game in three decisions.

## Drivers in Warmup for Speedway

By DALE BURGESS  
INDIANAPOLIS (AP) — An international field of drivers will make 10-mile dashes against the clock Saturday in one of sport's best-attended preliminary events, qualifications for the 500-mile auto race May 30 at Indianapolis Motor Speedway.

A crowd upwards of 150,000 is likely to watch Mario Andretti, Nazareth, Pa., try to beat the qualifying record of 165.899 m.p.h. he set last year.

Andretti, U.S. Auto Club champion the last two seasons, hit 168 unofficially in practice sessions both in 1966 and this spring when conditions were ideal.

His Ford-powered Brawner Hawk will be challenged by two entirely different types of machines — the STP Pratt & Whitney gas turbine driven by Parnelli Jones, Torrance, Calif., the 1963 Indianapolis winner, and the Mongoose turbocharged Offenhauser driven by Lloyd Ruby, Wichita Falls, Tex., who has never been worse than 11th in seven Speedway starts.

Jones has turned laps at almost 166 m.p.h. in the turbine. Ruby also has turned laps well over 165.

The best performance in the first of four qualifying sessions wins the pole, the inside starting position on the three-car front row, regardless of later speeds.

Winning the pole is more a matter of prestige than of winning the race, the No. 1 starter having won only seven of the past 50 Memorial Day classics. It also is worth about \$5,000 in special awards to the car's chief mechanic.

Qualifying prize money is relatively peanuts compared with a purse of about \$700,000 for the race proper. The fastest car each of the four days wins \$1,200, the second \$800, the third \$600 and so on down to sixth place.

Qualifiers Saturday will hold their earned positions in the lineup. Sunday qualifiers will line up in order behind them, followed by qualifiers the following weekend.

Once 33 cars have qualified, another still can make the lineup by bettering the slowest speed in the field. The slow car then is "bumped" from the lineup and cars behind it move up.

Trials will start at 11 a.m. EST Saturday.

## Tumiga, Dr. Fager Race Saturday

Associated Press Sport  
NEW YORK (AP) — Unde-feated Tumiga and once-beaten Dr. Fager, both of whom passed up the Kentucky Derby, hook up Saturday at Aqueduct in the \$50,000-added Withers with the possibility of a spot in the Preakness starting line-up next week hinging on the outcome.

Both have been lightly campaigned. Tumiga, a son of Tudor Minstrel out of the speed-bred Amiga, raced three times last year and included in his triumphs the Youthful Stakes at Aqueduct. This year he has been out three times with his last victory over older horses in the Carter Handicap last Saturday.

Dr. Fager, a Florida-bred son of Rough 'n Tumble-Aspidistra, bowed only to successor, the 1966 2-year-old champion, in five races as a 2-year-old. In his only start this year he whipped Damascus, beaten Kentucky Derby favorite, by one-half-length in the one-mile of the Gotham.

Although both are eligible to take a crack at Derby winner Proud Clarion in the Preakness, there have been indications that their owners and trainers might bypass the second leg of the Triple Crown and shoot for the \$100,000-added Jersey Derby at Garden State Park May 30.

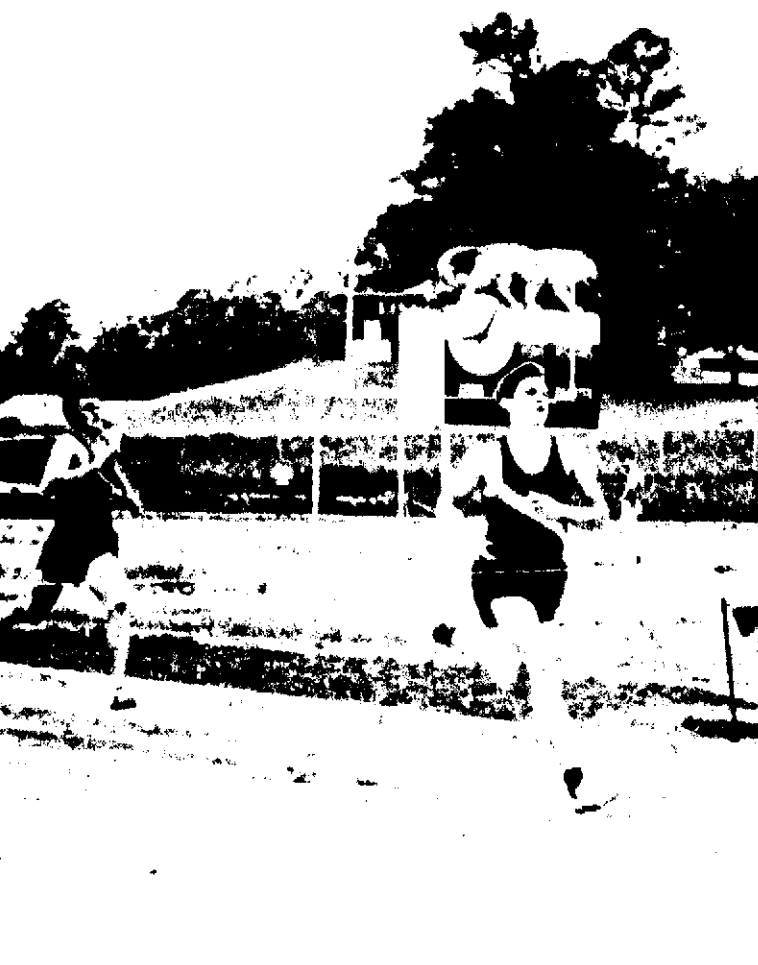

Both also have been nominated for the \$125,000-added Belmont Stakes at Aqueduct June 3.

Tumiga, sold to a syndicate which includes trainer Lucien Laurin after suffering a hairline fracture in the right knee last year, will be ridden by Ben Feliciano. Dr. Fager, who'll be ridden by Braulio Baeza, is owned by W. L. McKnight's Tartan Stable and trained by Johnny Nerud.

Aqueduct officials look for five other starters in the Withers, making it worth \$57,800 with \$37,570 going to the winner of the one mile test.

The other probable starters are, Yorkville, Racing Room, Favorable Turn, Fort Drum and Sun Gala.

## Easy Rules Helps Soccer Be Popular

By JOHN SMITH  
Written for

Soccer owes its worldwide popularity to its easy-to-follow rules, non-stop action and the fact that a good little man stands just as good a chance as a good big man.

It is a simple game to understand, combining many of the basics from hockey, basketball and football. It has been described as hockey played with a basketball on a football field by 22 marathon runners not allowed to touch the ball with the hands.

As in these other sports, a team tries to score over the other team's goal. The soccer goal is eight yards wide and eight feet high and resembles a hockey goal. Instead of a puck, a black and white leather ball weighing between 14-16 ounces with a circumference of between 27-28 inches is used.

The game starts off with a kickoff which is decided by a toss of a coin. The winning side has the choice of either choosing the side it wishes to defend or kicking off.

A player kicks off by booting the stationary ball placed on the ground at midfield. He can kick to a teammate or into opposing territory. After a score the ball is returned to the center of the field and play begins again.

Speed is one of the strong selling points of the game. Soccer is composed of two "fast and furious" halves with only a few minutes of halftime. There are no time outs as U.S. sports fans know them. There is no water

## Next Clay Fight Is in Courtroom

By B.F. KELLUM  
HOUSTON (AP) — Cassius Clay's next fight is scheduled June 5 — but this one will be in a federal courtroom instead of the ring.

That's the date Clay has been ordered to stand trial on a charge of refusing to be inducted into the Army.

U.S. Dist. Judge Joe Ingraham set the trial date Thursday, three days after Clay was indicted by a federal grand jury.

The indictment came 10 days after Clay, who prefers to be known by his Black Muslim name of Muhammad Ali, refused to take the oath as a draftee.

Conviction could bring a fine of \$10,000 and a five-year prison sentence.

Clay was stripped of his world heavyweight boxing championship following his refusal to be inducted, but he had indicated he planned to continue his fighting career with overseas abouts.

Meanwhile, the 5th U. S. Circuit Court of Appeals at New Orleans has denied a request for a temporary injunction restraining Clay's draft board from declaring him delinquent and instituting criminal action for his refusal to heed the call.

Quinnan Hodges of Houston, one of Clay's lawyers, said the injunction request will be delivered Monday to Justice Hugo Black of the U.S. Supreme Court.

The 5th Circuit Court also is to consider Monday motions to advance two appeals on the calendar and a motion to issue a writ of prohibition to stop the scheduled June 5 trial.

The two appeals are on civil cases filed in U.S. district courts here in which Clay contends his I-A classification is unconstitutional and was brought about because of racial and religious prejudice and public opinion. He maintains he is a Black Muslim minister and should have a ministerial exemption from the draft. He claims he preaches 90 per cent of the time and boxes 10 per cent.

Clay was released under \$5,000 bond after he was indicted last Monday.

It won't and the major leagues are experiencing one of their worst springs within memory.

Even the Los Angeles Dodgers had a game washed out, their first since going to California nine years ago. Their neighbors, the California Angels, avoided the rain, but had an unusual postponement caused by a power failure.

There have been 45 postponements in all in the majors, 23 in the National League and 22 in the American. Rain caused 40 of them, cold caused four and the power failure the other.

Only Cincinnati and, of course, Houston and its Astrodome have escaped the weather. Every other team in both leagues has had at least one postponement.

By SALLY RYAN  
AP Business Writer  
NEW YORK (AP) - This year's most sought-after college graduate may not be the class president but a Negro engineer. The emphasis on Negro recruiting by the nation's business firms is intense.

One reason is the threat of loss of defense contracts if the government thinks a firm is discriminating against Negroes, an Associated Press survey indicated.

"A good Negro graduate with a technical background is more in demand than anyone I can think of," said Bob Millikan, senior employment representative at Pacific Gas & Electric Co. in San Francisco.

As a result, companies are stepping up their recruiting on Negro college campuses and offering bigger salaries. "A few years ago, big firms began to hire more Negroes. Then smaller companies figured they ought to do something too," said William C. Gutman, placement director at Temple University in Philadelphia.

"It is considered a feather in the hat of a recruiter to recruit a Negro," said Maurice Mayberry, placement director at the University of Florida in Gainesville. "The reason is simple - government pressure."

Negroes have it made with companies which have defense contracts, said Virginia Blankenhorn, a placement officer at Occidental College in Los Angeles.

In Kansas City, Mo., Ron Erwin, corporate employment manager for Hallmark Cards, Inc., said some Negroes may be receiving premium offers from companies. He added that the degree of aggressiveness displayed by companies in recruiting Negroes may lie in the defense contracts they have.

Aetna Life & Casualty in Hartford, Conn., recruited at 30 Negro colleges this year, five times as many as last year. Philco - Ford Corp., in Philadelphia has expanded its recruiting to 12 Negro colleges. Sun Oil Co. visits six.

One Negro senior at Georgia Tech applied for eight jobs and was offered all of them, said A.P. DeRosa, placement director.

"He was so overwhelmed by the choice that he gave up and decided to go to graduate school instead," DeRosa said.

At Morehouse College in Atlanta, Ga., with a predominantly Negro student body, salary offers for Negroes have ranged from \$625 a month to \$10,000 a year.

"Ten years ago you just didn't have this kind of offer for minority group members," said William M. Nix, placement director.

Some students are skeptical,

## Travelers Eke Out a Victory

AUSTIN, Tex. (AP) - The Arkansas Travelers eked out a 4-3 victory over the Austin Braves here Thursday, squeezing over the final run in the ninth inning of their Texas League baseball game.

Catcher Faustino Zabala committed an error on a bunt after Jimmy Williams singled with one out to set up the winning run. Jose Catto brought Williams in then with a perfect sacrifice bunt that he beat out for his third hit of the game.

Each team got seven hits, and each had three-run rallies in the early innings. Joe Hague's two-run double was the big blow in the Arkansas third, and doubles by Zabala and Walt Hrinlak, who also drove in two runners, highlighted the Austin fifth.

The Travelers, facing Austin Pitcher Jim Britton for the first time since his no-hitter against them opening night, nicked him for five hits in seven innings, but pinned the loss on John Stewart.

In other Texas League action, Albuquerque knocked El Paso out of the league lead with a 7-4 victory, and Amarillo downed Dallas-Fort Worth 6-5.

That leaves Arkansas in third place, followed by Albuquerque, Austin and Dallas-Fort Worth.

Arkansas is at Austin tonight, El Paso is at Albuquerque and Dallas - Fort Worth is at Amarillo.

however. "Companies are looking for a window dresser-someone to take pictures of or to show they're employing a Negro," said a Negro senior at Morehouse. "It'll be taken into consideration in companies for awhile at least," said another Morehouse student. But at the University of California at Los Angeles, Joseph Scully, placement director, said industry is no longer trying for the "show" Negro. "We're seeing very little discrimination against Negroes," he said.

## Howe Still Sees Broad Rights Role

By SEYMOUR M. HERSH  
WASHINGTON (AP) - Harold Howe II, education commissioner, stripped of his powers to enforce desegregation, still envisions a broad civil rights role for his agency.

"We began stirring this pot and we're going to continue to stir it," Howe said in an interview today. "We're going to be in the business of encouraging school districts to use desegregation as a tool to improve education for a long time."

John W. Gardner, secretary of health, education, and welfare, announced Wednesday he has taken enforcement of federal desegregation guidelines for schools and hospitals out of the hands of the Office of Education and other agencies in his department.

All should be HEW civil rights enforcement is to stem from a newly created division inside the department.

This means Howe will not be able to order the government to cut off funds to school districts lagging in desegregation. He estimates that \$25 million has been denied school districts in the South in the past year.

Some Southern congressmen repeatedly have called for Howe's ouster as education commissioner, accusing him of being overzealous in his application of federal fund cutoffs.

Some observers saw a connection between the new consolidation plan and the House leadership's decision Thursday to bring the embattled \$6.7-million, two-year school aid bill to the House floor May 22.

The decision to call up the bill sets the stage for the first big test of the power of rejuvenated Congressional Republicans to rewrite President Johnson's "Great Society" programs.

Many HEW officials, while publicly refusing to link the consolidation move with the pending school aid bill, privately acknowledged that Wednesday's announcement was time in an effort to soften Southern opposition to the bill. But Howe dismissed the notion that any deal was made.

## Mighty Queens Will Retire

LONDON (AP) — The reigns of two of the mightiest queens that ever ruled the waves are drawing to an end.

The Cunard Line announced Monday that it will withdraw the 81,273-ton Queen Mary from service at the end of this year and her 83,997-ton sister ship, the Queen Elizabeth, a year later. The Queens were the largest passenger ships in maritime history.

Increasing airline competition has been hurting the liners, and they have been losing \$2.1 million a year. Cunard has not decided whether to scrap or sell the two ships but said it would not allow them to be used competitively or for any "undignified purpose."

A single successor to the pair will be launched Sept. 20. The unnamed "Q4" will enter service in 1969.

## Examples of Pentagon Censor Ink

By WALTER R. MEARS  
WASHINGTON (AP) — When the Pentagon censors get out their red ink, almost anything can happen.

For example: Adm. David L. McDonald: DELETED. Sen. John Stennis, D-Miss.: What was that? McDonald: DELETED. ED.  
Stennis is chairman of the Senate Military Preparedness subcommittee. McDonald is chief of naval operations. Their mysterious exchange, and a dozen more, appear in heavily censored testimony made public Wednesday.

Another bit of repartee: Stennis: You plowed under the DELETED mighty quickly there with one sentence. McDonald: Mr. Chairman, they are plowing DELETED under quicker than I can, I regret to say.  
At times, the censors seem to have a mischievous wit. "I don't think we need to be looking into this at all if we just say DELETED," they have Stennis declaring.

McDonald's rebuttal: DELETED.  
Closed congressional testimony by Pentagon witnesses is screened by censors for information that touches on military secrets. The censors put red brackets around the secrets; the committee physically cuts that material out of the transcript before it is sent to the printer.

Firemen's Pension Fund Receipts and Disbursements

Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the above mentioned statements present fairly the cash position of the City of Hope, Arkansas at December 31, 1966 and the results of its recorded cash transactions for the year then ended, on a basis consistent with that of the preceding year. The current year's supplementary data included in Schedules 1-10 have been subjected to the same auditing procedures and, in our opinion, are stated fairly in all material respects when considered in conjunction with the basic financial statements taken as a whole.

### End of an Era Great Ocean Liners Vanish

Two of the world's largest trans-Atlantic passenger liners will be withdrawn from service, the press wires announced this week.

The Cunard Steam-Ship Co. said it would retire the Queen Elizabeth, 82,997 tons, and the Queen Mary, 81,237 tons, and replace them with a single smaller ship now under construction.

Cunard reported it had lost 10 million dollars on its passenger liners the last five years, and the two "Queens" alone accounted for 2.1 millions a year—hence the curtailment of ocean passenger service.

The cause is obvious: Fast, frequent, and low-cost air jet service between the United States and Europe. What's more, this competition is going to become worse in the immediate future. In the next year or two the Atlantic air service will see new jumbo jets ferrying 400 to 700 passengers across the Atlantic at 650 miles an hour—and at half the present flight fares.

So the day of slow, luxurious ocean liners is over. It had to happen sooner or later. Ocean travel consumes two weeks of a European vacation when done by surface transport. But with air travel a tourist can see Europe on a two-weeks vacation, deducting only half a day for the ocean roundtrip.

It's a nostalgic moment, but nostalgia has never yet halted the march of human events.

### 67 Group Asks 4-Lane Road

LITTLE ROCK (AP)— Highway Director Ward Goodman speculated Thursday that the Highway 67 Improvement Association would ask for a four-lane highway from Jacksonville to Missouri.

The association has asked for a hearing May 24 before the state Highway Commission to ask for improvements from Pulaski County to the Missouri border.

"They might want us to make it part of the toll road plans or something," Goodman said.

### War Opens the Rice Market

HOT SPRINGS, Ark. (AP)— The Vietnam War is opening markets for the U. S. rice industry, the 450 delegates attending a three-day meeting of the Rice Millers Association were told here Thursday.

Robert A. Bieber, a rice marketing specialist with the U.S. Department of Agriculture, said Vietnam now was importing 650,000 tons of rice per year. It used to export 350,000 tons a year, he said.

Bieber said production also had fallen off in Burma, which once exported two million tons and was headed for a possible low of 300,000 tons this year.

The association's 68th annual meeting began Thursday.

### State Insurance Office Moved

LITTLE ROCK (AP)— State Insurance Commissioner John Norman Harkey said Thursday that he was moving his department from the National Old Line Building to the University Towers July 1.

He said the department, which now pays \$4.50 a square foot for 4,476 square feet of office space would pay \$3.90 a square foot for 6,175 square feet in its new fourth-floor quarters.

Harkey has said for some time that he didn't think it wise for the state Insurance Department to be located in a building owned by an insurance company. He said he disliked moving away from the Capitol area, but that he couldn't find the space he needed nearby.

### Against Pay for Parking

LITTLE ROCK (AP)— Two Little Rock city directors said Wednesday they did not think University of Arkansas football fans should have to pay to park in War Memorial Park.

Warren Baldwin Jr. and William F. Steinkamp, the two directors made the statement at a meeting of the City Manager's Board.

## Search for Lost Youths Continues

By THOMAS K. HARVEY  
HANNIBAL, Mo. (AP) — Rescuers worked in the glare of flood lights early today, preparing to dig into a cave-riddled bluff in search of three boys missing since late Wednesday afternoon and feared trapped in a labyrinth of passages at Hannibal.

The disappearance of the youths brought to mind Hannibal's Mark Twain who wrote of the adventures of Huck Finn and Tom Sawyer and their adventures in the caves in and around this Mississippi River town.

Civil Defense workers, cave rescue teams from Missouri, Illinois and Washington, D.C., and Missouri National Guardsmen joined forces in the search for the three boys, Edwin Dowdell, 14, and Joel (Joey) Hoag, 13, and Bill Hoag, 11, brothers.

Unsuccessful in 30 hours of searching through a maze of caves and passages, the rescuers made ready to dig into a steep hillside hoping to break through into an area that has been inaccessible because of a cave-in.

The Hoag brothers and the Dowdell boy were last seen about 4:30 p.m. Wednesday, carrying a shovel and a flashlight, as they entered a cave recently uncovered by construction workers carving out a bed for a new highway.

Individuals and teams of experienced cave explorers spent all Wednesday night and Thursday squirming through narrow passages underlying the area, but found no trace of the boys.

Police dogs were brought in but were unable to work in the narrow confines.

Bob Harrison, commander of Squad, said there was a slide in a cave passage about 20 feet to the right of the entrance that blocked rescue teams from entering a section of the cave running along the face of the bluff.

Mayor Harry Musgrave asked for a National Guard company to begin a search at dawn in an area east of the cave. Musgrave acted in response to a request from the Hoag family, which has been unanimous in feeling that the boys are not in Murphy's Cave, but perhaps in other caves uncovered by construction work.

About 400 yards to the east two new cave entrances were opened by earth moving equipment, one was filled in, but the other is open.

The Hoags-mother, father, seven brothers and four sisters — were unwilling to stand-by while others search for the boy and organized their own search party. They combed the hills Thursday night.

William G. Karras of Washington, D.C., president of the National Speleological Society, arrived about midnight to inspect the slide area and advise rescuers.

## Thinks Reserves and Guards Will Have to Be Called to Active Duty

### Cato Asked to Check Out

LITTLE ROCK (AP) — The governor's office would say only that he would be leaving May 15, but Jack Cato, 56, director of the state Assessment Coordination Department since 1959, put it a little more bluntly: "They asked me to check out," he said.

"I think they want to replace me with someone of their party, and I don't blame them," Cato said. "I'm not mad at anybody, in fact I'm kind of relieved."

"Few people realize it, but this is a pretty rough job. Nobody comes by to put his arm around you and tell you you've been doing a good job."

### Cuban Sugar Crop Gains

MIAMI, Fla. (AP) — Cuba's vital 1967 sugar production has been estimated by an exile research bureau at a little over 6 million metric tons. Fidel Castro's announced goal is 7.5 million metric tons, but last year's crop was 4,455,255 metric tons. A metric ton is 2,200 pounds.

On the basis of the cane cut to date and the current production trend, researchers of an anti-Castro organization, Revolutionary Unity, placed the crop at between 6,047,000 and 6,101,000 metric tons.

By WALTER R. MEARS

WASHINGTON (AP) — Sen. Henry M. Jackson said today National Guardsmen and Reservists will have to be ordered to active military duty to meet manpower needs in Vietnam and the decision will have to come soon.

"I think they're going to have to call up some of the Reserve," the Washington Democrat said in an interview. "I just don't see any way out of it."

"It's a decision that can't be postponed for too long," added Jackson, a Senate champion of President Johnson's Vietnam policies.

Jackson said he does not know whether the Johnson administration is now contemplating that step.

"I don't see any other way to get the men that are needed," he said. Jackson serves on the Senate Armed Services Committee and on occasion has been an administration spokesman on war policy.

Three other senators agreed more men undoubtedly are going to be sent to Vietnam soon.

There are 442,000 troops in the war zone now, with a boost to at least 470,000 due by the end of the year.

"I have no doubt that we're going up to 500,000," said Sen. John Sherman Cooper, R-Ky. "The question is whether they'll stop there."

## Guerrillas Hit Airfield, Kill 6 GIs

By GEORGE MCARTHUR  
SAIGON (AP) — Communist guerrillas raked two airfields near Saigon with rocket and mortar fire today, killing six Americans, wounding 100 and blowing up or damaging more than 25 planes.

The guerrillas used the biggest weapon in their arsenal, their Soviet 140mm rockets, against the big airbase at Bien Hoa, 16 miles northeast of Saigon.

U.S. officers speculated that the attacks on the airfields were in reply to the U.S. raids on MIG airfields near Hanoi which began last month.

The two fields hit were Bien Hoa, the largest tactical fighter base in South Vietnam, and an Army airstrip at Phuoc Vinh, 34 miles north of Saigon. Phuoc Vinh is largely a support strip, with helicopters, transport aircraft and spotter planes stationed there.

In addition to the six killed and 100 wounded, U.S. headquarters said about 30 more Americans received such minor injuries as sprained ankles as they sprinted for cover.

The U.S. Command said damage to the airfields was light to moderate and gave no further breakdown. However, eyewitnesses reported at least 25 planes damaged at Bien Hoa and more were known to have been shot up at Phuoc Vinh.

Elsewhere in South Vietnam, only light ground fighting was reported. Bad weather continued to hamper raids over the North, but 138 missions were flown Thursday, mostly against supply targets in the lower half of North Vietnam.

Although the 140mm rockets dug big craters in the runway at Bien Hoa, U.S. spokesman said the field was never out of operation completely and was operating normally two hours after the 15-minute attack.

Only four or five of the planes hit at Bien Hoa were damaged beyond repair. Most of the planes at the field were in sand-bagged revetments or damage would have been heavier.

Most of the damaged aircraft were F100 Super Sabre jets and F102 interceptors. Most were loaded with bombs and rockets when they were hit but the ordnance did not explode, spokesman said.

One propeller-driven A1 Sky-raider of the South Vietnamese air force burned completely when its fuel caught fire, but the six 250-pound bombs on its wings did not explode.
